Upcoming Workshops on

- “Using the Bible to Aid the Addicted in Recovery”
- “Guiding the Addicted Through a Recovered Life”

The purpose for approaching addiction through the bible is because it works! We have personal testimony as well as witness to what its healing power can do.

The impact of the drug and alcohol problem in America is staggering. 1 out of 4 Americans lives with or is intimately connected with an alcohol, drug or nicotine user. Is it safe to assume that you know one?

Having a recovery ministry in place in our churches will help to break long held destructive patterns. God’s plan of recovery will help pastors, church leaders, family members, individuals, the community at large and those they reach out to, lead sober, positive and victorious lives.

At the workshop some of the things you will learn are:

- **What a Biblical Recovery Ministry is**
- **What addiction is according to the Bible**
- **Myths and Stereotypes about addiction**
- **Help for the family of the addicted**

.....and much more!

We look forward to the opportunity to work with you. We are available to answer any questions you may have. We firmly believe that it is God’s will that ALL people are Sober, Saved and Unshackled!
